Annual report 2017 summary

In 2017, with your support, Edukans contributed to better education for children and young people in developing countries. We provided well-trained teachers, safe schools and customised vocational training. We worked towards parent involvement, equal opportunities for boys and girls and we helped children in need. Because education is the chance of a lifetime.

Good primary education

3,716

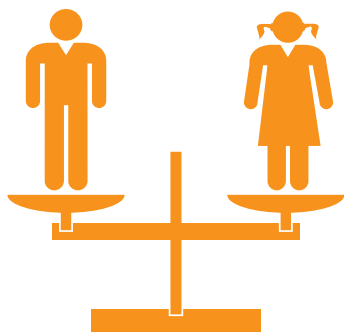

teachers received
further training

214,648

children received
better education

Equal educational opportunities for boys and girls

14,916

boys and girls learned
about equal opportunities
for men and women
